NEC DISPLAY SOLUTIONS

PERFORMANCE YOU CAN TRUST

NEC stands for product quality and design perfection with a reputation for reliability and an enviable pan-European support infrastructure to back it up. Installing an NEC display means you can trust in our equipment and our company culture.

Designed for long term operation, NEC displays and projectors incorporate innovative designs, high quality panels and components and go through demanding quality assurance levels; displays ready for the most demanding mission critical applications, out of the box.

THE WIDEST PORTFOLIO OF DISPLAY SOLUTIONS OF ANY SUPPLIER

Today NEC boasts a comprehensive range of Desktop Displays, Large Format Displays and Projectors, with a model for almost any application from the largest venues or public places to offices and smaller classrooms.

NEC is one of the world's largest IT Companies, with the display division operating 14 local sales and support offices across Europe, Middle East and Africa.

EA294WMi, the power of two displays in one.

This super wide 2560 x 1080 pixel display consumes 29% less power than dual 19 inch monitors with similar LCD panel technology. At the forefront of environmental design and social responsibility the EA294WMi also offers best in class image quality from wider viewing angles with its supersized IPS panel.

NEW MULTI-TOUCH MODELS	42" and 46" V Series multi-touch displays, 1920 x 1080, LED Backlight

ENTRY LEVEL	
E SERIES	Ideal for cost efficient retail signage, conferencing and corporate installations up to 12/7 operation time.
VALUE	
V SERIES	Ideal retail signage, conferencing applications and lobby or reception installations up to 16/7 operation time.
PROFESSIONAL 24/7 REFERENCE	
P SERIES	Designed for a wide array of applications such as retail signage including 24/7, transport applications, control room applications and conference rooms.
SPECIALIST 24/7 REFERENCE	
X SERIES	Ideal for a wide array of applications such as retail signage including 24/7, transport applications, conference rooms, lobby/reception installations and integration in totems and furniture.

PROJECTORS

New High Brightness, Heavy Duty Installation models, which draw upon NEC's leadership in the Digital Cinema market combined with a comprehensive range of Mobile, Conventional and Specialist Projectors for the Classroom or Corporate.

With a traditional focus on Education, many of our Projectors include Special Education warranties and solutions and we bundle free software that helps you get connected, share content or make up for a lost remote control. More information on NEC Education Solutions is available at:

www.education-nec.com

EDU SOLUTIONS

NEW RELEASES

L102WLED	Next generation of 3D ready projectors, higher brightness and contrast, LED light source, lightweight, ideal for mobile applications
NEW M SHORT-THROW SERIES	Higher contrast, advanced multimedia and connectivity
P401W	Professional projector, compact design
NC1040L	NEC first 4k laser projector
NC1100L	NEC 2k laser projector

For more detailed information please visit:
www.nec-display-solutions.com

LED MOBILE	
L SERIES	Ideal for presentation on the move, ultra-light weight and elegant
VALUE	
V SERIES	Ideal for classrooms, (small) meeting rooms, cross-use (private/professional), mobile/cooperative applications
MULTIPURPOSE	
M SERIES	Suited for classrooms and small to medium sized meeting rooms
ULTRA SHORT THROW	
U SERIES	Ideal for meeting rooms and digital signage applications, as well as for classrooms
ULTRA SHORT THROW AND INTERACTIVE VERSION	
UM SERIES	Ideal for meeting rooms and digital signage applications, as well as for classrooms
UMi SERIES	
PROFESSIONAL	
P SERIES	Best solution for larger meeting rooms and university lecture halls
PE SERIES	
PROFESSIONAL ADVANCED	
PA SERIES	Ideal for corporate, high education and rental
PROFESSIONAL EXTREME	
PX SERIES	Ideal for rental / staging, large corporate, high education, conference room, museum and signage
PROFESSIONAL HIGH END	
PH SERIES	Best solution for rental/staging, high education and digital signage
DIGITAL CINEMA	
NC SERIES	World leading cinema projectors for multi-national chains or single venues.

SOFTWARE

NEC DISPLAYNOTE

Next Generation Interactive Learning

DisplayNote, NEC Edition, is the latest interactive whiteboard tablet solution, which combines advanced collaboration tools with the market leading utilities available with NEC Projectors to create the ideal collective presentation solution for learning establishments. Users can present, share and collaborate ideas and presentations across all major platforms (Windows, Android, Apple, Linux and iOS) and any connected device, such as an iPad, Android tablet, smartphone, netbook or laptop.

DisplayNote's platform independent approach means you can fundamentally upgrade your presentation system's effectiveness without the need to replace hardware. Download Displaynote at www.nec-display-solutions.com/displaynote

DisplayNote NEC Edition operates in two main scenarios, a presenter scenario with powerful presentation and annotation features and the multi-user collaboration scenario which makes the learning process a fully inclusive class activity.

For more detailed information please visit: **www.displaynote-nec.com**

NAVISET ADMINISTRATOR 2

All-in-one support system for NEC Desktops, Projectors and Large Format Displays

NaViSet Administrator 2 is an all-in-one remote support solution that manages the majority of NEC display devices and Windows computers. It is ideal for multidevice installations over larger infrastructures, for example in the corporate/large businesses, transportation, energy and utility, leisure and museum, finance, retail industries. Through an easy to use and sophisticated graphical user interface (GUI), businesses can reduce their administration effort and costs by remotely diagnosing and correcting technology issues with connected display devices.

The NaViSet Administrator 2 software is designed to run from a central location and provides monitoring, asset management and control functionality of remote displays via LAN or serial connections. It can run continuously to provide automatic monitoring and control of devices while alerts can be set when specified parameters within the display device change.

For more detailed information please visit: **www.nec-display-solutions.com/naviset**

VUKUNET

The Engine that Powers the DOOH Industry

Demand attention and achieve customer engagement in a fast-moving market
The choice of how you communicate your messages to an evolving and intelligent audience can be the key to penetration and results.

VUKUNET is an internet-based AdServing platform that connects all DOOH media networks in order to simplify planning, buying and the delivery of an advertising campaign. Developed by NEC it forms part of a market leading suite of digital signage products and services.

VUKUNET turns any internet connected screen into an advertising face which can generat incremental revenue for screen owner.

For more detailed information please visit: **www.vukunet-nec.com**

HIPERWALL VIDEOWALL SOLUTION

Videowall Content and Source Management Software

Hiperwall is an ultra high resolution software package for an endless number of displays which is scalable in size and eliminates costly servers, matrix switches and distributors. It enables customers to connect an infinite number of sources to a videowall and freely determine size and position of this content.

Hiperwall also provides advanced capabilities like zoom, rotation, shading and transparency, enabling users to examine content with increased flexibility and effectiveness. Content can be saved as environments and restored on demand, grouped into slideshows, or scheduled to appear at the present time.

It is ideal for multiple applications, including Command & Control Centres, Public Safety, Aerial Surveillance, Military Operations, Scientific Imaging, Trading Floors, Fleet Management, Manufacturing Control Systems and Review of Medical Imaging.

NEC FIELDANALYST

Anonymous Video Analytics (AVA)

FieldAnalyst is a software solution for audience measurement. Automatically detecting human faces from images captured by video cameras, the software analyses the number of visitors and exits, gender and age as well as distance to the camera and dwell time. Results, which are kept as anonymous data, are either stored in a log file or available via an interface in real time.

The information provided can be used for marketing analysis or real-time advertising content switching using digital signage. FieldAnalyst enables the user to automatically conduct various marketing analysis activities that have relied on manual human counting until now. The advantages of this NEC solution are speed, accuracy and the ability to integrate into other real-time analysis or event based solutions.

FieldAnalyst is an ideal solution that meets the needs of multiple target usages including Digital Signage and DOOH, Retail and Leisure Applications. It is an integrated or stand-alone tool that can be used for Real-Time Marketing Information, Real-Time Detection & Tracking and Real-Time Classification.

NEC LEAFENGINE

Context Aware Digital Signage with leafengine

With the largest installed Digital Signage Display base worlwide, NEC have developed leafengine, drawing on years of delivering innovative signage solutions to key industries such as retail and transportation. The leafengine middleware offers institutions digital experiences, that react to visitor's input, attributes or actions, and customises content whilst gathering the rich market data generated.

In the past, this has required selecting, integrating and maintaining an ever-changing, ever-updating number sensors with the player software, but leafengine, is designed to overcome this complexity and enable access to a broad catalogue of sensors, including gender and age classification, proximity detection, NFC, QR-Codes and many others available today and in the future.

NEC's leafengine integrates with existing Digital Signage software, drastically simplifying the integration, replacement and testing of new sensors. Once enabled, it allows reaction to changes in environment to select and play content that matches the user's profile or captures audience data for later analysis.

For more detailed information please visit: **www.leafengine.com**

NEC ReTrade

Trade in your old projector when you trade-up to NEC

Make your next Projector purchase an NEC and you could trade-in your old projector for cash and take comfort that you are doing your part in preserving resources and creating a sustainable environment.

Further detailed information on the ReTrade programme is available at
www.nec-display-solutions.com/retrade

Return, Refurbish, Reuse - ReTrade

85% of the returned projectors will be refurbished and returned to the market meaning less hazardous substances require disposing off, vastly less material are wasted and less new resources are unnecessarily consumed. Purchases and Trade-Ins are welcomed and virtually any common projector is covered within three month after purchase of the new NEC Projector.

CHECK THE VALUE OF YOUR OLD PROJECTOR NOW!

It's a Simple Process

Visit **www.nec-display-solutions.com/retrade**

- Describe your returned projector
- Receive an instant Trade-In Quotation
- Accept online quotation
- Ship your pre-owned projector using provided shipping label together with a proof of purchase for an NEC Projector
- Receive your payment in the pre-selected form

NEC Green Vision

Green Without Compromise

The NEC Green Vision Campaign is a long-standing initiative by NEC to increase the ecological productivity associated with the use of our products through increased efficiency and to create a more sustainable society by consuming less energy and elimination of harmful materials and unnecessary waste.

We constantly strive to enhance the Ecological characteristics of our products, listed are just some of the green features you may come to expect.

With our 'Green Vision' Environmental Initiative, NEC strive to help to create a sustainable society friendly to humans and our planet.

NeCycle

NeCycle™ which is the brand name of NEC's newly developed bioplastics, indicates a new style of recycling of the material itself as well as a recycling of the CO_2 that is absorbed by the plant component that constitutes the material's main resource.

INTUITIVE ECO MODES
One Click or Auto ECO Modes, help you reduce your projector or display power use when it is not needed, allowing optimum brightness and maximum energy efficiency at all times.

AV MUTE
Save 75% Lamp Power by simply sliding the projector cover across. When you slide it back the image instantly reappears.

HUMAN AND AMBIENT LIGHT SENSORS
The Human Sensor ensures your display is only working when you are, as it detects your presence at the desk, ambient light and luminance sensors also make intelligent adjustments to your displayed image to help to save power.

For more detailed information please visit:
www.green-vision-nec.com

NEC Serviceplus

A COMMITMENT TO QUALITY

NEC have built a world-renowned reputation developing Display Solutions that offer the ultimate in quality, performance and longevity. We have become recognised for professional performance and our product philosophy has enabled NEC to become a leading name in the Finance, Transportation, Colour, Corporate, Healthcare, Retail, Education and Cinema sectors.

NEC **serviceplus** takes that philosophy further for the entire sales cycle from pre-sales through to the replacement phase. We take the guessing out of installing and managing a Display Solution inventory over a standard or extended lifecycle. Our customers can concentrate on their business activities, confident that their IT infrastructure is underwritten by the **serviceplus** promise.

The Serviceplus Offering

- 5 years warranty
- Ad hoc warranty extension
- 24/7 for selected displays and projectors
- De-/Re-install service

GLOSSARY

BEHIND THE TECHNOLOGY

The NEC REFERENCE designation is awarded to our products and solutions which through their performance and benefits we consider to be the market benchmark for our customers. The logo is a tangible reminder of our high quality, performance-driven Japanese heritage, our focus on award-winning design flair and our passion for state of the art leadership in innovation and meeting the demands of our customers in the most challenging applications.

Our Reference Displays and Projectors are trusted across the world in Airports, Hospitals, Arenas and Cinemas, Corporates and Institutions, where performance is critical.

ECO INNOVATION	This logo is used to indicate that a product or series of products has ECO innovations that help to reduce the energy use associated with the product and/ or offers greater productivity from the same resource.
	The NEC Green Vision logo, representing NEC's mission to help to create a sustainable society.
NeCycle	NeCycle™, which is the brand name of NEC's newly developed bioplastics, indicates a new style of recycling: a recycling of the material itself as well as a recycling of the CO_2 that is absorbed by the plant component that constitutes the material's main resource.
3D	Selected NEC Projectors and Digital Cinema Products are able to reproduce content in Stereoscopic 3D. The 3D NEC logo is an indication that a product can playback 3D media. For further information please visit our website www.3d-nec.com
LED LED Projector Series	LED Projectors generate their image in a more efficient way than conventional LCD or DLP projection. They are able to operate at considerably lower power consumption and within a smaller chassis. This logo is displayed for LED Projectors only.
LED LED Backlit LCD	LED Backlighting is integrated into some of our Desktop and Large Format Displays as either Direct LED Backlighting or Edge LED Backlighting. This Logo is used to indicate LED backlit displays that operate at lower power and in a smaller chassis.

GB R LED	GB-R LED backlighting offers mercury-free and low energy rear illumination in LCD monitors, but with the full AdobeRGB colour gamut performance.
EDU+ EDU SOLUTIONS	NEC specialise in creating solutions and better value options for the Education Sector. This logo indicates where such special solutions or promotions including extended warranties are available for Education customers. More information is available at www.education-nec.com
3 YEARS WARRANTY	Subject to our terms of use, the standard warranty on NEC display products unless stated otherwise is 3 years return, to manufacturer. For specific terms please request a copy of our warranty terms and conditions.
6 MONTHS FOR LAMP	Subject to our terms of use, the standard warranty on NEC projector lamps unless stated otherwise is 6 months, return to manufacturer. For specific terms please request a copy of our warranty terms and conditions.
5 YEARS OPTION	Subject to our terms of use, a warranty extension from 3 years to 5 years return to manufacturer will be available on displays marked with this logo. For specific terms please request a copy of our warranty terms and conditions.
0 PIXEL DEFECT	Subject to our terms of use, where this logo is shown, Displays that have a complete pixel failure within the first 6 months of use will be repaired or exchanged under warranty.
iF product design award 2011	Established in 1953, the iF product design award is today among the most important awards for innovative product design.
