Meet efficiently.

#1 meeting room scheduling products.

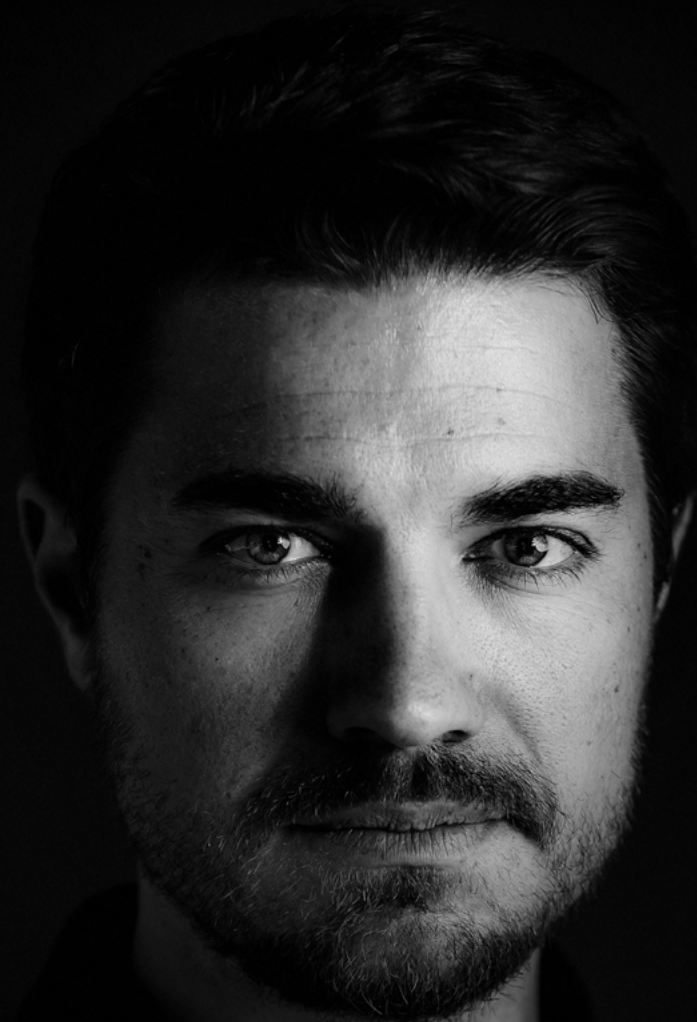

Easy to use. Simple to set up and manage. An all-in-one solution.

Great products create happiness.

Keeping things simple can often turn out to be the most complex task. At Visionect, we believe that products shouldn't be that complicated. From installation to use, our products are created to fit, seamlessly and without hassle. Sustainable and green, Visionect technology is unparalleled when it comes to low energy consumption and display visibility. In delivering this accessibility, everything boils down to one simple truth: nothing beats experience. And when it comes to experience, nothing beats Visionect.

JOAN products for your meeting room reservations.

Clear up meeting room confusion. Straight away. Organize and reserve meeting room space with simple, easy-to-use devices that show meeting information, the meetings coming up and eliminate meeting interruptions by clearly signalling if the room is occupied and until when.

JOAN is a cost-effective meeting room solution that helps modern, busy workplaces be more productive. Its extreme battery life, simple installation with zero costs coupled with the quiet elegance of electronic paper earned it the Red Dot and CES Innovation awards and made it into the market disrupter it is today.

Room availability. At a glance.
Whenever you need.
Wherever you are. Real-time.

Show room status and bring transparency to the way you reserve your room resources. Eliminate meeting room conflict, double bookings, interruptions and meeting no-shows. Don't lose another minute hunting for a room. Prevent meeting room theft, squatters taking over or meeting overruns. Reserve meeting rooms on the go and walk right in or book for later. Or just glance the display for the information you need.

Do more. Work better.
With JOAN.

JOAN Manager & JOAN Executive. Save a space for your meeting.

Display room status and book your meetings on the JOAN display by pressing "Meet now" or schedule a meeting in your calendar and add a room. The room is reserved, the meeting will show up in your calendar and you can just walk right in. With up to 12 weeks of battery life for JOAN Manager and JOAN Executive and up to 12 months for JOAN Board, you can simply forget about charging and focus on your work.

What's the difference between JOAN Manager and JOAN Executive?

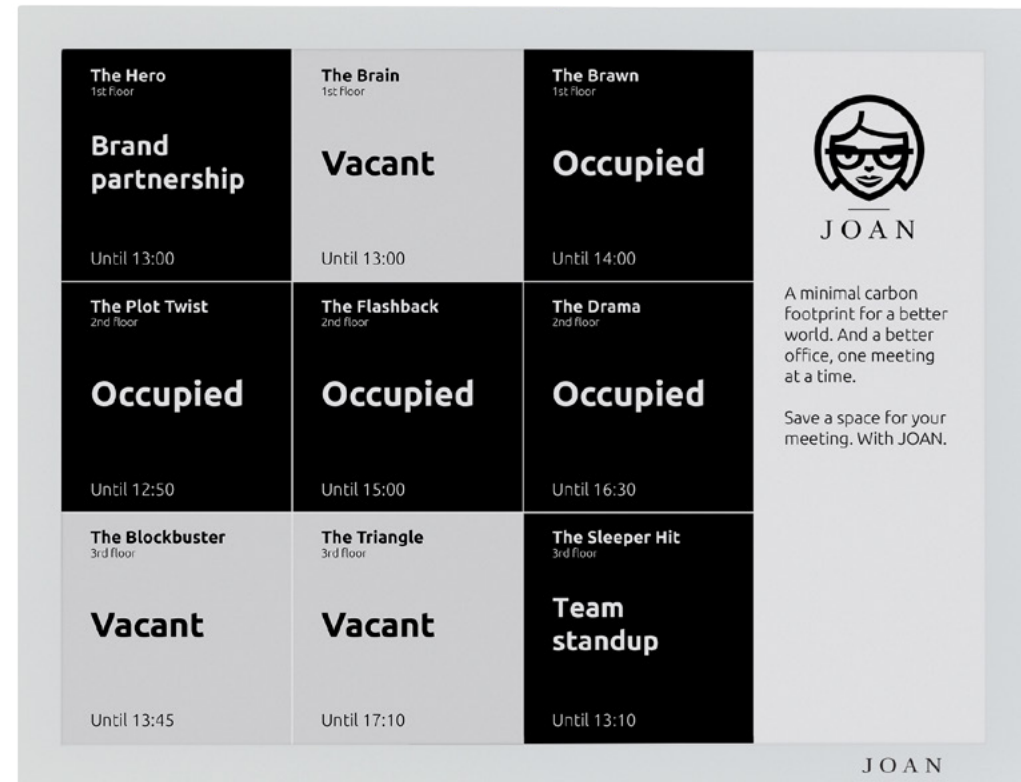

JOAN Manager supports WPA2-PSK encryption, whereas JOAN Executive offers Enterprise WPA2-EAP. Both are 802.1x supported. JOAN Executive also offers powerful Workplace Analytics and lifetime priority online support.

JOAN Board.

Your meeting rooms on one screen.
At a glance.

An overview of room availability for up to 9 rooms of your choice. Place it in the reception area, lobby, lounge or shared space. Perfect for employees on the go when not at the meeting room door. And for your visitors when they arrive at your office for their meeting. Simple wayfinding and a great welcome.

JOAN Board was developed on the breakthrough Place & Play signage concept, the result of a decade of market-leading expertise. It is an all-in-one technology unparalleled in versatility, ultra low energy consumption, ease of installation and simplicity of use. 99% more power efficient than LCD or LED, with up to 12 months of battery autonomy and no wires, Place & Play is leading the global revolution with greener and better displays.

See room status indicated in black (occupied) or white (vacant).

Reflect your brand and customize JOAN Board with your logo and a custom message.
