

## DON'T SEE THE CONFIGURATION YOU NEED IN THIS CATALOG? NO PROBLEM.

Chief's Fusion Modular Series allows you to build what you need. Paired with our powerful Multi-Display Configurator, the Modular Series allows you to specify exact installation requirements and provides the list of components needed to safely build your most creative applications - all with standard lead times.

### HOW DOES IT WORK?

1. Go to [milestone.com/FusionConfigurator](http://milestone.com/FusionConfigurator)
2. Answer a few questions about your project (number of rows & columns, display information, etc.)
3. We'll calculate the capacity and provide a required parts list
