# The audiophile speaker is designed to provide an immersive and captivating listening experience.

The new generation of the Planet LW speaker is here, introducing the Planet LW Xi. With exceptional wireless connectivity thanks to Airplay 2 and Chromecast, this audiophile speaker is designed to provide an immersive and captivating listening experience. The multi-room functionality also allows you to stream music simultaneously in multiple rooms for a fully immersive listening experience.

With its elegant and timeless design, this high-end speaker offers exceptional sound quality powered by 50 W RMS of class D amplification. The outstanding neutrality of its sound signature, the consistency of its timbres, and the homogeneity of its registers make the Planet LW Xi a reference connected speaker. Available in two elegant finishes: matte black or Mercury Ice, the Planet LW Xi adds a touch of sophistication to any interior.
