

MY TEAM TP200 WINDOWS:
THE FIRST WINDOWS 10 TELEPRESENCE SYSTEM,
FOR ANY MULTI-TECHNOLOGY MEETING ROOM.

Windows 10

TECHNOLOGY IS IMPORTANT...

- **All-in-one design** Compact all-in-one form factor takes up less space and minimizes cable clutter.
- **Integrated codec** Powerful codec with Intel i5 processor, enables HD video conferencing easily.
- **Full HD image sensor:** Support multiple resolutions, including 1080p (Full HD) and 720p (HD), to best support the quality offered by different applications and monitors.
- **Digital pan/tilt** After the image is zoomed -up to 10X optical, one), expand your field of view even further—to pan to the white board or view other areas of interest.
- **Wireless microphone with wireless power supply too**, that arrays with noise and echo cancellation, plus a built-in high quality speaker to make all the participants to hear and be heard clearly.
- **Support dual screen display:** Two monitors connected at the same time, one for video screen, the other for content sharing, to make the video collaboration more professional and efficient.
- **Works with any Windows 10 video collaboration app:**
 - Microsoft Teams, Skype for Business, Skype.
 - Pexip, GoFacing, Veedeo
 - Cisco Webex, Lifesize Cloud, Avaya.
 - Zoom, GoToMeeting...
- **Ethernet and Wi-Fi:** Support 2.4 GHz / 5 GHz dual band Wi-Fi connection. A stable wireless network connection brings smooth video conferencing experience. HD & Ultra-HD via HDMI.
- **Security lock slot.**

4K Cam Windows 10 Mic Dual Speaker Btooth WiFi
