

Fixed frame

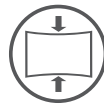

Curved screen for new sensations.

The Movie Palace UHD 4K Curve Acoustic features the same qualities as the Movie Palace UHD 4K and adds a curved structure that places the viewer at the centre of the action. It offers more intense sensations and a truly captivating image, for an even more powerful viewing experience. The ultra-sturdy aluminium frame features a velvet finish and a clip adherence system, making this screen very easy to set up while maintaining a very high manufacturing quality.

Optional acoustic fabric (4K compatible).

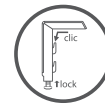

Perfect tension

Curved frame

Easy to install

Fast and clipping system

Velvet frame

SPECIFICATIONS

Screen material

- High quality LUMENE screen material
- Woven fabric
- Ultra white projection surface
- Optimal acoustic behavior : almost nil diffraction, flat frequency response, no equalization needed
- Gain 0.8
- Directivity 150°
- No shine point
- Treatments : anti-yellowing, anti-mold
- Black borders
- Black-out back fabric

Frame

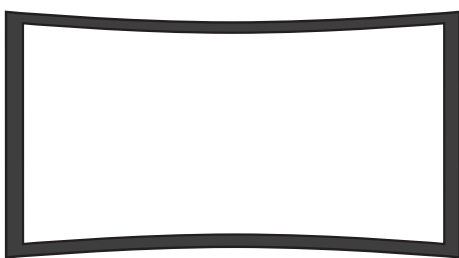

- Aluminium curved frame
- Black velvet finish
- Easy to install
- Perfect and lasting tension
- Curved projection surface for better clearness
- Safe clipping system

Warranty

2 years

Installation

The acoustically transparent fabric is not totally opaque. We therefore suggest you to place it before a dark background. The speakers should ideally be installed so that the tweeter drivers are placed in the middle of the screen (or slightly above if there are several ranges of seats).

Woven fabric

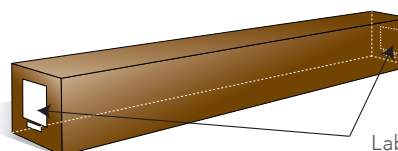

Technology

Acoustic is different from standard perforated or micro perforated PVC fabrics. Its specific structure allows a crossing of all the frequencies with no diffraction. As a result, the frequency response is linear, lossless in the high frequencies and the signal is much more precise than with usual screen materials.
