

Motorized

Retractable

In-ceiling screen for prestige installations.

The Showplace HD range is composed of high-quality projection screens measuring 3 meters in diagonal and above. The Showplace HD screen is designed to offer excellent colorimetry and wide image display. It features a blackout cloth backing and black borders for optimal image quality.

Fast and reliable, the screen boasts an in-ceiling mounting system for a concealed, elegant, and pleasant installation. The Showplace HD projection screen comes with an IR remote control (featuring a very precise length adjustment control). It features trigger inputs and is compatible with the RS232 interface for home automation, allowing you to program the screen so it automatically comes down when the projector is activated. The Showplace HD's motor is extremely reliable and quiet.
