

Manual

Retractable

### The ideal portable screen for professional use.

Extremely compact and very light, the Lumene TableShow projector screen works in tandem with your handheld projector to allow you to deliver highly professional presentations in an instant.

Efficient and easy to use, you will be able to set it up and put it away in the blink of an eye. Like all Lumene screens, the TableShow is equipped with an ultra-white canvas which features a very wide angle of vision (essential for viewing at an angle) and black borders for improved contrast. The aluminium case is light yet durable enough to withstand long-term use. The patented support arm at the back keeps the canvas evenly taut.

Easy to install

Mobile

Automatic locking system

## SPECIFICATIONS

### Screen material

High quality LUMENE screen material  
PVC WMat  
Gain 1.0  
Directivity 150°  
No shine point  
Treatments : anti-yellowing, anti-mold, and anti-gondolement  
Black-out back fabric  
Black borders  
Vertical deployment for better tension  
Optimal surface for LCD projectors  
Simple and efficient automatic locking system

### Case

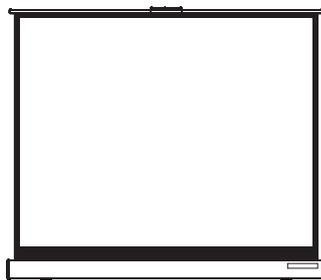

Black aluminium  
Self-supporting table case  
Simple and fast installation  
Locking system for transport  
Delivered with carrying case

### Warranty

2 years
