TANGENT PEBBLE SPLASH

Compact design - great sound

Tangent's new Pebble Splash offers great sound from a small and convenient portable speaker with clear vocals with deep bass at levels normally only expected from much larger speakers.

Water Resistant

The new Tangent Pebble Splash can handle any kind of weather as well is the perfect speaker for the bathroom, next to the pool or on the beach.

Wireless audio in special class

Tangent's new Pebble Splash hides multiple speaker drivers, providing amazing multi-directional stereo sound. Simply connect wirelessly via Bluetooth or an AUX cable (mini jack) for convenient and easy portable listening.

Built-in microphone

For added convenience when using with your smartphone, the Tangent Pebble Splash also has a built-in microphone, so you can use it to make hands-free calls or attend conference calls for business use.
