

Spectrum II X5 Active BT

2 way bass-reflex bookshelf loudspeaker

KEY POINTS

- 5" cellulose pulp mid-woofer driver
-  Danish design

DESCRIPTION

A comprehensive, high-performance audio solution.

The Spectrum II X5 Active BT is an active bookshelf speaker designed to offer a comprehensive, high-performance audio solution that is easy to integrate. True to Danish design, it combines a sleek aesthetic with a rigorous acoustic design based on a 2-way bass-reflex system.

Featuring a built-in 2 × 50 W Class D amplifier, it delivers dynamic and controlled sound, driven by a 5" cellulose pulp bass-midrange driver and a 1" dome tweeter. Together, they ensure balanced sound reproduction, with precise bass, natural midrange and detailed treble.

Designed to suit all uses, it offers a comprehensive range of connectivity options, including Bluetooth 5.3 AptX HD, Hi-Res USB audio, an MM phono input, HDMI ARC for TV integration, as well as optical and coaxial inputs. The equaliser settings allow you to fine-tune the sound reproduction to suit the room's acoustics or your listening preferences.

Versatile, compact and elegant, the Spectrum II X5 Active BT is an ideal solution for both a modern hi-fi setup and a connected audio system for everyday use.
