

## Flat Panel Ceiling Lifts—FPLCV2SLIM +R+TILT

The FPLCV2+R popular series of flat panel ceiling lifts with full rotation, can be also equipped with flat panel tilt ability, up to 30degrees!

This optimum solution, provides maximum utility with its full rotation and best viewing angle for different positions in the same room. For example, viewing from table top or from bed or sofa demands different viewing angles. This is easily solved by the variety of viewing angles that FPLCV2+R+TILT series offers to the end user!

Model	FPLC V2 Slim 30-40+R+TILT	FPLC V2 Slim 42-50+R+TILT	FPLC V2 Slim 52-60+R+TILT+LOCK
Maximum flat panel dimensions (WxHxD)	≤ 1025x620x90mm	≤ 1280x755x90mm	≤ 1480x900x90mm
Maximum load (flat panel+ceiling cover)	25kg	30kg	35kg
Lift dimensions (WxHxD), excluding control box	1330x220x1025mm	1615x220x1250mm	1820x250x1525mm
Swiveling angle	90degrees		
Rotation ability (CW & CCW)	±180degrees both ways : 180° CW & 180° CCW		
Flat panel electric tilt ability	up to 30degrees		
Mounting flat panel holes pattern up to	600x400mm	800x400mm	800x600mm
